### Conclusions – Lab: Potential Energy v. Velocity

Paragraph 1 – Hypothesis, correct?, Data to support claim

---

---

---

---

---

---

---

---

---

---

---

---

Paragraph 2 – How did you use video to make accurate measurements? How easy/difficult was it to use? How did this improve your data?

---

---

---

---

---

---

---

---

---

---

---

---

Paragraph 3 – How are  $E_p$  and  $E_k$  related? Are they equal? If not where is the Entropy? Use data to support any claims.
