Review – “Life’s Greatest Miracle” Video

If we think just about sperm, why would we call conception a miracle? _____

Why is it a miracle that a zygote, with DNA different from the mother, survives in the womb? _____

You are 99.9% genetically the same as everyone else in the room, the world for that matter, yet you are also not like anyone else, anywhere or ever. Why is this so? _____

Give me three words to describe the trimesters.
